

ROCPAC Product Notification
Sept 2007

Vynco Cross Connect Cabinet Spare Components

A. Introduction

Some spare components for Vynco Cross Connect Cabinets are no longer available due to manufacturing design changes implemented in 2005.

Some current spare components will not fit Vynco Cross Connect Cabinets supplied prior to 2005.

The components affected are sides, tops, doors etc for Vynco Cross Connect Cabinets. Lock components and keys will continue to be available.

Table B on the following page gives the confirmed codes for the components still available.

Pictures of components will be posted on ROCPAC Web Product Catalogue by the end of September.

Retro-fit Cabinets for NZPO1 and NZPO2 Cabinets are also available and are listed in section C of the following table.

Lead-times for Ordering

ROCPAC will hold SOME safety stock of Cross Connect Cabinets but please note that Cross Connect Cabinets are imported from Europe with a 90 day lead-times and are low usage items.

Please allow sufficient lead-time to ensure supply.

Contact your ROCPAC account manager for forecasting or forward ordering.
